REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Art Unit: 1625

Claims 1-12 and 17-20, renumbered as 1-16, are allowed since the instant compounds of formula 1, pharmaceutical compositions containing these compounds and instant method of using these compounds are neither disclosed nor obvious over the prior art.

In the prior art, Albanus (*Acta Pharmacol. et Toxicol.*, cited on applicant's form 1449) discloses anticholinergic compounds which are related to the instant compounds.

However, closely related compound no. 5 (see page 307) disclosed by Albanus differs from the instant compounds in lacking additional substituent (instant R1 and R2 groups) on the Nitrogen of tropane ring and furthermore, there is no teaching, suggestion or motivation in the prior art to modify the compounds of Albanus to prepare the instant anticholinergic compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
